APPROPRIATE FOR CLARKE SCHOOL SPRINKLER SYSTEM

To see if the Town will vote to appropriate a sum of money to make improvements to the sprinkler system in the Clarke Middle School; determine whether the money shall be provided by transfer from available funds, by borrowing, or by any combination of these methods; or act in any other manner in relation thereto.

(Inserted by the Board of Selectmen)

FUNDS REQUESTED: \$85,000

DESCRIPTION: In the process of renovating the heating system at the Clarke School in 2008, Fire Department staff observed that the previous replacement of ceiling-mounted univents from 2000 were obstructing the sprinkler system spray pattern at various locations in the building. It has been determined that this configuration of sprinkler heads does not meet code, including the code requirements for the new univents. Sprinkler coverage needs to be increased to reach beyond the univents. Adding and/or relocating sprinkler heads will accomplish this requirement.

ARTICLE 9

**RESOLUTION RELATING TO DEVELOPMENT
AND USE CHANGE AT HANSCOM FIELD**

To see if the Town will vote to adopt a resolution that reaffirms the original Lexington 1997 Town Meeting vote regarding development and use changes at Hanscom Field and calls upon the Governor and Congressional delegation to prevent current expansion proposals until a comprehensive regional multi-model sustainable transportation plan is developed; or act in any other manner in relation thereto.

(Inserted by Andy Friedlich and 100 or more registered voters)

DESCRIPTION: Given the concern about Massport’s expansion proposals for Hanscom Field, this article does three things. First, it reaffirms the goals regarding Hanscom Field that the towns of Lexington, Concord, Lincoln and Bedford all approved at their Town Meetings in 1997. Second, the article lists the four expansion initiatives Massport has put forth and states that they will alter Hanscom Fields character, will impact the environment and questions the need for some of the proposed changes. Third, the article calls upon the Governor, our United States Senators and the Administrator of the Federal Aviation Administration to support a moratorium on any expansion of infrastructure at Hanscom Field until a sustainable regional multi-modal transportation plan is developed.

Hereof fail not and make due return of this warrant, with your doings thereon, to the Town Clerk, on or before the time of said meeting.

Given under our hands this 6th day of April 2009.
