Annual Field Inspections of Building Permit Work

The Lexington Board of Assessors would like to notify the public of the annual revaluation process that will confirm and/or update our records of **all taxable Real Estate** in Lexington. This data will apply to Fiscal Year 2012 valuations.

Vision Government Systems, Inc [VISION] has been retained to augment the work of our full-time employees as we visit the sites of recent building permit work in Lexington and collect the required data. This notice is intended to alert Lexington property owners who have **active or recently completed building permits** of our intent to have Town employees and VISION contractors visit -- *without appointments* -- during the next several weeks, through August 31, 2011.

Most inspections will be brief, usually requiring less than fifteen (15) minutes. All Town employees and VISION contractors will wear identification badges and each VISION contractor will carry a letter of introduction.

Any questions regarding this project may be directed to the Assessor's Office at Town Hall at (781) 862-0500, x315. The Board of Assessors and VISION appreciate the cooperation of all property owners and tenants during this process.
