Maximum Height of
Structures*

ANNUAL TOWN MEETING
30 MARCH 2016

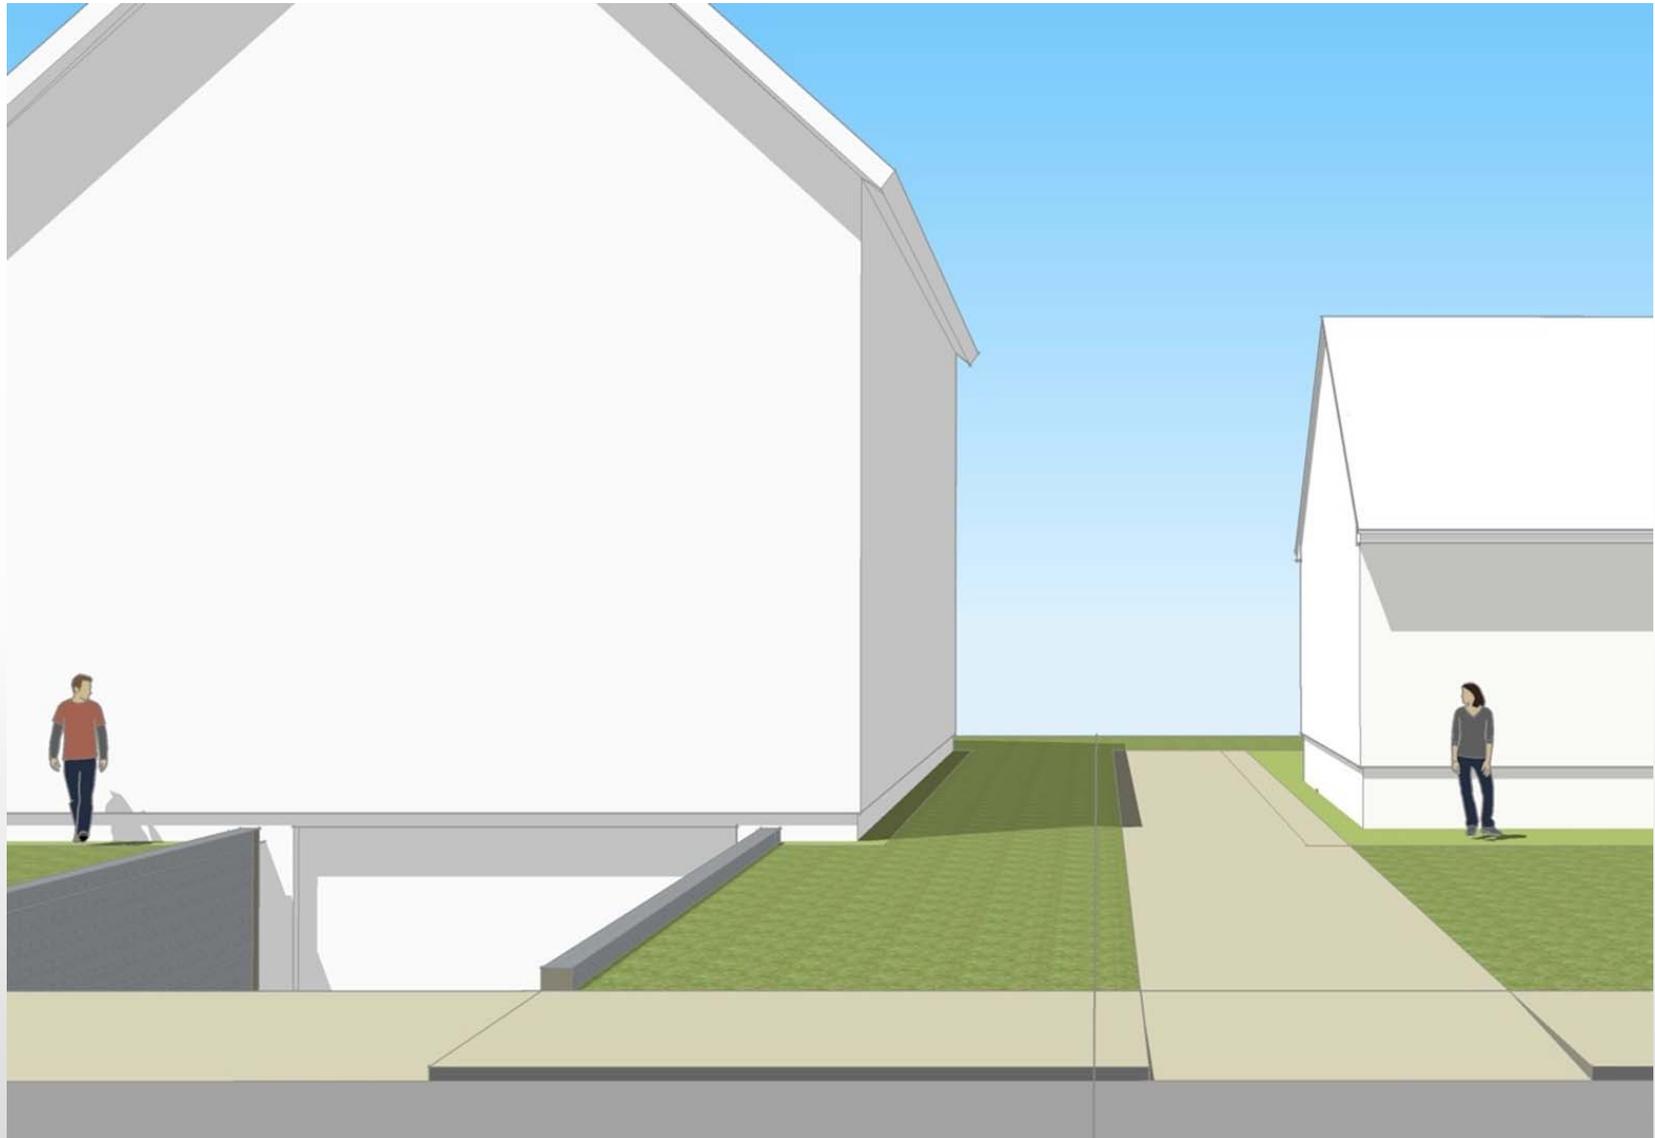

Maximum Height of Structures

To see if the Town will vote to amend the Zoning Bylaw to reduce the maximum height of one-family and two-family dwellings located near lot lines, or act in any other manner in relation thereto.

DESCRIPTION: This article would limit the height of new houses or additions located close to lot lines.

Effect of Bylaw Approval

- No change in measuring height or yard setbacks.
- Properties with 15 foot yard setbacks can still build to 40 feet.
- Only affects properties with existing or planned yard setbacks of less than 15 feet.
- Allowed height will be based upon how close the dwelling is to the yard property line.

Maximum Height of Structures

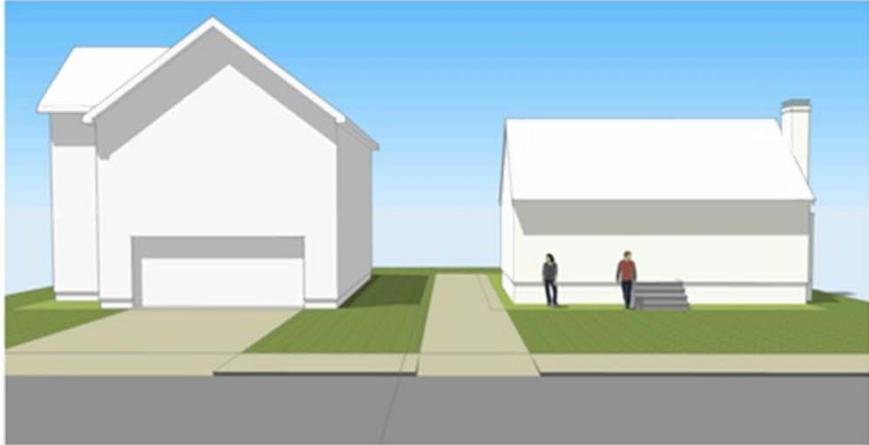

Proposal:

The proposed height restriction would limit height on a sliding scale determined by the shortest distance between the proposed structure and the side property line.
