## Parker Meadow

17 acres, 1 mile of trails. Near Lexington Center and with access off of the Minuteman Bikeway, Parker Meadow offers a pleasant mixture of forest, field, and wetland. The property features a picturesque pond bordered by open meadow and woodland. In the 1960's, the Conservation Commission constructed this pond to improve water quality and provide wildlife habitat. Look for giant bullfrog tadpoles in the water or herons on the pond shore.

Access is from the Minuteman Bikeway, Hancock Street, and Revere Street. There is a small parking pull-off area on Revere Street just east of the bikeway.
