

Tips for Using Google Transit

1. When entering the time, be sure to set whether you are “departing at” or “arriving by” a certain time.
2. If the system says that no trips are available, make sure the date you have set is not a weekend or a holiday. In addition, ensure that you have set the correct time.
3. At the top-left corner of the page, click on the different routes to see your options. Often, the trips will have different walking distances and/or travel times.
4. Trip planner only shows one time for catching a bus, but each route is covered once an hour during hours of operation.
5. On routes where buses travel in a loop, returning to a point multiple times, Google will often give the earlier time. Reviewing the Lexpress map (<http://ci.lexington.ma.us/Lexpress/Lexpress-town-color.pdf>) before using the bus will help you use the system more efficiently. Call the Lexpress office (781-861-1210) for assistance.

Tips for Using Lexpress

1. Always stand on the side of the street that the bus is traveling. Call the Lexpress office for clarification, if necessary.
2. FLAG the bus as it approaches—Lexpress has no official stops outside of Lexington Center.
3. Each Lexpress route is covered once an hour between 6:45 a.m. through 6:00 p.m., Mon.-Fri.
4. \$0.25 transfers are only accepted at Depot Square.

For questions about the electronic trip planner or Lexpress, call 781-861-1210.
