April 15, 2022

Dear Neighbor,

You are receiving this letter as an abutter of the Lexington Community Center, located at 39 Marrett Road. The 2021 Annual Town Meeting appropriated \$110,000 of Community Preservation Funds for the Recreation Committee's request for the Community Center Sidewalk and patio. This area currently has a walkway made of bluestone material that is cracked, uneven, and not accessible. When the building was purchased and renovated for opening in July 2015, the walkway was identified as a future project that would need to be addressed.

The total project will include the replacement of the existing sidewalk and patio outside of the Mansion, the stone dust path along the raised garden beds, and a small area at the main entrance to the Center. Additionally, installation of an outdoor fitness pad will be installed in the rear of the building. The improvements will create a safe and accessible walkway that will connect the main and rear entrances of the building.

The project is scheduled to mobilize on Monday, April 25, 2022 and weather permitting, is anticipated to be completed within 2-3 weeks.

For more information please visit the capital web page:
