**DECISION OF THE LEXINGTON PLANNING BOARD
PRELIMINARY SUBDIVISION PLAN (NON-RESIDENTIAL)
17 HARTWELL AVENUE
DECISION VOTED OCTOBER 20, 2021**

General Property Information

Property Address: 17 Hartwell Avenue
Assessor's Information: 84-80A
Zoning District: Manufacturing (CM)

Application Information

Application: Non-Residential Preliminary Subdivision Plan
Filed with the Town Clerk: October 15, 2021
Board of Health: submitted on September 27, 2021; response with no comment on October 15, 2021

General Project Contact Information

Applicant/Owner Name and Address: BP 17 Hartwell, LLC c/o Boston Properties, Inc., 800 Boylston Street, Suite 1900, Boston, MA 02199 (Attention: Attorney Frederick J. DeAngelis)
Civil Engineer: Nicholas Skoly, PE, (MA Registration #52677), VHB, 101 Walnut Street, PO Box 9151, Watertown, MA 02471
Land Surveyor: Russell J. Bousquet, PLS, (MA Registration #35389), VHB, 101 Walnut Street, PO Box 9151, Watertown, MA 02471
Attorney: Frederick J. DeAngelis, Boston Properties, Inc., 800 Boylston Street, Suite 1900, Boston, MA 02199

Public Meeting Information

Abutters notified via postcard
Public Meeting: October 20, 2021

PLANNING BOARD PLAN APPROVAL INFORMATION

Date of Plan: October 13, 2021

PROJECT DESCRIPTION

The proposed project consists of one lot that is approximately 5.25 acres (228,690sf). The property is currently improved with a 1-story, 32,400sf lab-office building, with associated surface parking. The property is surrounded by Hartwell Avenue on the east, Westview Street on the north and west, and a commercial office building to the south.

The Applicant requests approval of a preliminary subdivision plan that would create three lots. Proposed Lots 1 and 3 would have access via either a new way terminates with a cul-de-sac, Hartwell Avenue, or Westview Street, while Lot 2 would have access from the new way.

The property does not contain any wetlands, flood zone buffers, or easements.

TOWN CLERK
LEXINGTON MA

A staff review memo was sent to the Applicant before the Planning Board public meeting.

Per MGL c. 41, §81S, preliminary subdivision plans for nonresidential subdivisions are required before a definitive subdivision plan is submitted.

PUBLIC MEETING

The Lexington Planning Board held a virtual public meeting. The following individuals appeared on behalf of the Applicant: Attorney Rick DeAngelis, Boston Properties; Chris Lowett, VHB. Present for the Planning Board: Charles Hornig, Chair; Robert Peters, Vice-Chair; Michael Schanbacher, Clerk; Robert Creech, Melanie Thompson.

FINDINGS AND CONDITIONS

The standards for approval of a definitive subdivision plan are the basis for the decision on a preliminary subdivision plan to the extent permitted by the information submitted as part of a preliminary subdivision plan. After careful review and public meeting process, the Planning Board finds that the proposed subdivision may be approved subject to the following conditions:

- a. All existing easements shall be shown on the definitive plan submission.
- b. Any new utility easements shall be a minimum of 20 feet wide, per §175-7.1.B.(4)(a).
- c. Per §175-7.1.B.(7), bounds shall be set along each right-of-way line at all intersections, angle points, points of change in direction or curvature of the street, and at the two corners of each lot that abuts the right of way. Such permanent bounds shall be installed per §175-7.1.B.(7)(c) and §175-7.1.B.(8).
- d. Construction of the proposed roadway shall conform to §175-7.2, Streets and Rights-of-way. The Applicant shall note on the Definitive Subdivision Plan whether the street will remain private or is intended to be an accepted way.
- e. Per §175-7.2, the width of the proposed way exceeds the standard 24-26 foot roadway width that would be expected for local roads that serve less than ten lots. As designed, the way creates unsafe conditions for pedestrians, cyclists, and motorists. Therefore, this layout is not recommended.
- f. The proposed way shall be coordinated with the property at 12-16 and 24 Hartwell Avenue, which also proposed a roadway off Hartwell Avenue. Such alignment shall be per §175-7.1.E.(12), Sight Distance, Alignment, and Profile. The relocation of the curb cut to Westview Street may provide better access and safer conditions for vehicles, bicyclists, and pedestrians.
- g. Per §175-7.2.A.(3)(a), commercial subdivisions shall be designed to encourage carpooling, van services, cycling, public transportation, and a reduction of single-occupant automobiles.

TOWN CLERK
LEXINGTON MA

- h. Per §175-7.2.A(3)(b), commercial subdivisions shall be designed to further reduce congestion on nearby streets and preserve adequate transportation capacity and user safety of affected intersections and street segments (Bedford Street, Hartwell Avenue, and Maguire Road).
- i. Per §175-7.2.E.(7)(b), Dead-end Streets, the Applicant shall install a "Dead End" or "Not a Through Way" sign per the specifications of the Town Engineer. Such signage shall be shown on the definitive subdivision plan.
- j. The cul-de-sec is required to have a landscaped center island per §175-7.2.E.(7)(c)[1], such planting schedule should utilize the Lexington Preferred Planting List, adopted on October 6, 2021.
- k. Per §175-7.2.E.(7)(c)[4], the Applicant should consider an alternative to a cul-de-sac due to the short length of the property and better use of the land.
- l. The detail for the curbing shall be included in the definitive subdivision plan, per §175-7.2.E(10) Curbs and Gutters.
- m. The sidewalks and crosswalks shall be ADA compliant with ramps and tactile pads per the Town's requirements, per §175-7.3, Sidewalks and Paths.
- n. The Applicant shall consider per §175-7.3.C the connection of bicycle and recreational paths to decrease dependence on single-occupant vehicles per §175-7.2.B.(7)(3).
- o. All water and sewer services, plus other infrastructure connected to the Town's systems, shall be designed per §175-7.4, Utilities and Underground Facilities.
- p. The proposed plan does not meet the looped water service standard in §175-7.4B(2) of the Subdivision Regulations. The Applicant agreed that they would loop the water service.
- q. Fire hydrants shall be placed not more than 500 feet apart and approved per §175-7.4B(3) by the Fire Department.
- r. The definitive subdivision shall demonstrate compliance with §175-7.5, per a National Pollutant Discharge Elimination System (NPDES) general permit.
- s. Per §175-7.6, the Applicant shall submit a landscaping and planting plan that conforms with Lexington Preferred Planting List, adopted October 6, 2021, or EPA Eco Regional III.

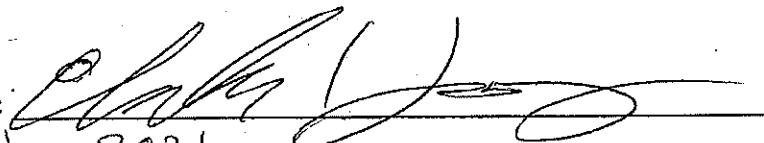

VOTE

Robert Peters moved that the Planning Board approve the preliminary plan for 17 Hartwell Avenue subject to conditions as discussed. Michael Schanbacher seconded the motion. The Planning Board
