

Town of Lexington Annual Town Meeting 2020 Select Board Positions

Article 10m: Community Preservation Program Appropriation for LexHab

Article 10m requests funding to design affordable housing at 116 Vine Street (the “Leary Farm”) as well as funding for considering the possibility of reusing the Hosmer House at the site as part of the Police Station rebuild. Furthermore, the design process would better inform and assist the Town in determining the best layout for the property that addresses both the shortage of affordable housing and the concerns of the abutting property owners.

The Select Board unanimously support passage of Article 10m.
