

## **Town of Lexington Annual Town Meeting 2020 Select Board Article Positions**

### **Article 14: Appropriate for Wastewater System Improvements**

This article requests \$1,401,200 for projects to support the Town's sanitary sewer infrastructure. Of that amount, \$1,000,000 will be used to rehabilitate the sanitary sewer infrastructure throughout town and \$401,200 will be used for sewer pump station upgrades.

The Town's sanitary Sewer infrastructure upgrades may include, but is not limited to, combinations of slip-lining, cured-in-place relining, spot repairs and replacement of existing lines as well as cleaning and investigation of sewer lines.

Construction of the Marshall Road and the Constitution Road Pumps Stations are complete with final punch list and landscaping in progress. The design of the Hayden Ave and the North Street pump stations is in progress.

The Select Board unanimously supports passage of Article 14.
