

# How to Load Your Bike on the Bus

Every LEXPRESS bus is equipped with a bike rack on the front that holds two bikes. Bikes are not allowed inside buses unless they can collapse to the size of a standard piece of luggage. If you do bring a folding bike on board, make sure it doesn't block the aisle.

## Loading

1. Make sure the bus stops completely and the driver acknowledges you before you step in front of the bus.
2. Squeeze the handle on the top of the rack and lower it. Place your bike in the rack closet to the bus if yours is the first bike. Place the bar over your front wheel as close to the frame as possible.
3. Remove any loose items or valuables from your bike, including bags/panniers, then board the bus and pay your fare.

## Unloading

1. Before you exit the bus, let the driver know that you have a bike to remove.
2. Never step in front of the bus until you are sure the driver sees you.
3. Remove your bike and fold up the rack if it is empty.
4. Go to the nearest curbside. Never cross in front of the bus, as passing traffic cannot see you.
